Please consult your electrician for hanging fixture and wiring.

1.Turn breaker off for circuit on outlet where fixture is to be installed.

2.Remove mounting bracket from fixture and install to electrical box

3.Wire fixture using green wire as ground.

4.Install fixture to mounting bracket and secure by tightening ball nuts.

5.Before install spoke balls onto end of red stems and secure with cap stem, make sure stems were tighten up.

6.Install beveled crystal onto end of chrome stems and secure with cap stem.

7.Install maximum 40 watt Xenon lamps included.

WARNING!

Xenon lamps burn hot. Allow 15 minutes after turning off before touching!
