REFRESHINGLY MODERN, RETRO COOL

# SODA POP

Thick clear glass globes are hand-blown in organic forms with irregular bubble patterns. The profiles are small and can be installed singularly or in groupings for a unique configuration on wall and ceiling surfaces. The metal accents are finished in Polished Chrome to add reflection to the composition of the shades that encase an LED light source within. Three size options available. ADA options are also available. Neutral 3000K Color Temperature.

 Bubble Glass (BGPC)

# FOLD BY MAT SANDERS

A understated form with dramatic effect, Mat Sanders applies his expertise at subtleties in luxurious design. A single fold of brushed Natural Aged Brass gently folds over concealing an LED light source within. The light source is surprisingly powerful as it casts ample illumination downward in a warm hue that creates a softer ambience to a space.

Available in Natural Aged Brass (NAB)

# FACETS BY MAT SANDERS

With simple linear compositions and an elongated curved form, Mat Sanders draws inspiration from the Streamline Modern era of the 1930s. The faceted opal white glass elegantly diffuses light, while solid brass details provide an elevated, timeless look. Select from 5 color temperatures by adjusting the toggle switch easily accessible behind the shade.

INTRODUCING  
**RYAN SAGHIAN**  
INTERIOR DESIGN STUDIO

An embodiment of artistry, passion, and a commitment to pushing boundaries. Interior Design Ryan Saghian is an internationally acclaimed, award winning architectural interior design firm specializing in high-end residential and hospitality projects. Recognized for a diverse and wide-ranging portfolio encompassing a symphony of rich, unexpected materials that exist between opulence and raw authenticity. Eschewing a single signature style, we celebrate diversity, crafting spaces that encompass an array of aesthetics. With a signature touch that captivates those who seek the extraordinary, the team at Ryan Saghian Interiors transform spaces into living canvases that tell stories, drawing inspiration from the global tapestry of cultures and weaving intricate references with love and respect. With each project, we embark on a journey of transformation, redefining spaces into timeless narratives that reflect the essence of those who inhabit them.

# SHROUD BY RYAN SAGHIAN

Hand formed metal mesh shades are dimpled and folded into distinctive, artisanal forms. In more traditional lantern and chandelier configurations, these unique shades feature the material suspended within solid brass cages. A large modern, LED pendant features a mesh shade supported atop a sculpted travertine base with brass finial. Similarly, an oversized accent lamp features a large opal body of travertine at its base with a seemingly floating mesh shade perched atop a brass column. All fixtures include opal white LED lamps.

# CURTAIN CALL BY RYAN SAGHIAN

Ryan Saghian captures the glamour of Hollywood evoked in plaster pendants with sculptural details. The forms appear to swell like a curtain, dramatic and striking. The fixtures create a mood in the evening with their soft, ambient light source and transform into a piece of art throughout the day. Thoughtful from every angle, the series features Polished Gold stainless steel mesh diffusers to conceal the light source below.

# NOMAD BY RYAN SAGHIAN

Inspired by a rugged landscape of the California coast, Ryan Saghian illustrates the journeying spirit the West. The oversized White plaster formation is striking in scale and contrasts the textured Anthracite finish on the large scaled candleabra that juts from this surface. The composition of the natural forms and rough textures relate a delicate balance of historical appreciation and modern beauty.

# TRANCE BY NINA MAGON

Minimalist in design but loud in its statement, oval frames illuminate translucent panels. Available in Natural Aged Brass with Dichroic glass panels or Gunmetal with a dotted pattern scattered across a translucent glass, the subtleties in the design become more vivid as they react to light. Most notably in the Dichroic glass panels where its iridescent hues become more vibrant with light and the layering effect adds a colorful element to the design. Intentionally designed with various dimensions, the multiple pendant configurations can be fixed together in polygonal cages held by removable clasps or simply free-float on the thin low voltage cables that suspend each frame.

# REVERIE BY NINA MAGON

Either as a pendant or with a wall-kit installation, the Reverie mirror adds color and interest to this lighting category. Oval-shaped iridescent acrylic panels in deep dichroic hues surround a lighted mirror that can be installed to a base or mounted on a wall with power coming from overhead.

Backside View

# LOCKET BY NINA MAGON

The alluring visual effect of a milky cloud marble glass provides elegant luminosity. Backlit with evenly diffused LED lighting the fixtures resonate like a vibrant musical note. The fixture is elongated with a vertical metal spike finished in Natural Aged Brass that hugs the glass' shape as it extends in both directions. These elements end in an angle-cut edge which adds visual contrast not only in color but in feeling. The sharpness of a clasp to the softer orb of the marbling white glass. An embodiment of lighting as a jewel, the Locket evokes both the opulence and sentimentality of designer accessories.

# CONTOUR BY NINA MAGON

Gentle curves descend from the ceiling and pop with spheres of satin white glass shades. Strikingly modern, yet elegantly timeless the Contour series exemplifies Nina Magon's design aesthetic using curved silhouettes and bold applications of color. Offered in a variety of rich metallic finishes including Brushed Bronze, Heritage Brass, and Polished Chrome as well as made-to-order powder coat finishes, this collection provides the flexibility to match more spaces. Choose either warm 3000k or bright white 4000k LED lamps included and complete this energy-efficient solution that'll add visual interest to your space that can last generations.
