

## **PRODUCT DESCRIPTION**

Minimalist in design but loud in its statement, oval frames illuminate translucent panels. Available in Natural Aged Brass with Dichroic glass panels or Brushed Gunmetal with Patterned Acrylic Panels, the subtleties in the design become more vivid as they react to light. Most notably in the Dichroic glass panels where its iridescent hues become more vibrant with light and the layering effect adds a colorful element to the design. Intentionally designed with various dimensions, the multiple pendant configurations can be fixed together in polygonal cages held by removable clasps or simply free-float on the thin low voltage cables that suspend each frame.
