**PRODUCT DESCRIPTION**

Somewhat recessed within a classic Mid-Century metal shade, a secondary thick glass shade pressed with prismatic patterns casts an iridescent light. The dedicated LED light source is concealed to reduce glare while providing ample lighting. Choose from large, thin-profiled cymbals of Brass with Dark Brown leather accents or Midnight Black metalwork with Black pebbled leather wraps stitched onto the frame. The Prismatic series of pendants, low profile surface mounts, and portable lamps incorporate advanced LED technology. A convenient touch dimmer on the base of the portable lamps features 3-step dimming allowing you to control the light settings for ambient or functional uses.
